

About

EnTrust Realty Advisors is a commercial real estate transaction advisory firm. We redefine investment and leasing services by providing a thoughtful approach to your real estate needs with straightforward expertise and attentive, personal care.

Our Story

In 2002, an environment characterized by the Arthur Andersen accounting firm debacle, the Enron scandal, the dot-com bubble and the echoes of 9/11, EnTrust was founded to serve both investors and tenants with a unique synthesis of institutional discipline, honesty, creativity and entrepreneurial energy.

Over the past 16 years, we have become one of the nation's premier minority-owned real estate firms. Having long serviced the institutional marketplace, analyzing thousands of leases and hundreds of buildings, we have an intimate grasp of the way building owners think and the way real estate capital works.

Our Principles

EnTrust's success is attributed to the three principles upon which it is founded: **Integrity, Relationships, and Results**. We are committed to being honest, ethical and transparent; representing your best interest at all times. Our team values building lasting relationships with investors, tenants and the brokerage community through consistent care rather than one-off transactions. Excellence in execution and timely solutions define our attention to producing results.

“We had a phenomenal experience working with the EnTrust team. They were attentive to our needs, very responsive, and we always felt like they had our firm's best interest in mind.”

Irene Davis
Chief Financial Officer, Mitchell & Titus

Our billion-dollar resume is a testament to our work ethic. We have worked with clients in 18 states, reviewing hundreds of buildings and thousands of leases to deliver winning results.

Our Expertise

We take pride in providing a thoughtful approach and personal touch to our client's needs, while still producing world-class results. With over 40 years of commercial real estate experience, our team is highly capable of providing creative solutions to any real estate need. While our capacity to solve almost any real estate need is vast, our expertise lies with providing investment property sales and tenant advisory services.

“EnTrust has done an exceptional job handling investment transactions for our national portfolio over the past 15-years. The level of personal attention to each assignment sets them apart in having very senior talent focused on our real estate needs. They have always acted in our best interest and have in essence become an extension of our team. I highly recommend them.”
